LEVEL UP YOUR RECRUITMENT

Helping you find the right people

Department
for Work &
Pensions

WHAT MAKES US DIFFERENT?

Finding the right people is essential for every business.

The Restart Scheme provides Government funded pre-employment training and support, such as skills matching to help you recruit

We thoroughly research our candidates and work closely with them to supply the tools and training they need to succeed at work. That means you only see candidates who are work-ready and fully prepared at interview, having been briefed on the expectations of the role and your business.

The result? You save valuable time and money, as we'll only present candidates who are a good fit and skills match for your business.

Jobs 22 delivers the Restart Scheme in your area, and we're a business with strong social values. We're here to empower communities by supporting local people as they transition into a better life through work.

We have access to a unique talent pool. Some incredible candidates who, with the proper support and given the right opportunity, could become loyal and valued employees who could shape your future growth.

We always:

- Explore untapped potential in your local area
- Support your resourcing and retention objectives
- Tailor pre-employment and sector-based training
- Assess, screen, skills-match and deliver work-ready candidates
- Provide access to other business support schemes
- Offer in-work support (including travel, mentoring and training)
- Collaborate closely with your existing recruiters and suppliers.

COMMITTED TO EMPLOYER NEEDS

Building strong and lasting relationships with employers at local and national levels is vital to our mission. We work with SME owners, corporate HR teams, recruitment agencies and local authorities to track employment trends and develop relevant upskilling opportunities for our participants. We also run targeted training programmes to bridge skills gaps; this engages local talent and helps businesses to grow.

“We've welcomed several Restart candidates to the APC family and look forward to bringing more on board. The Restart Scheme ensures that interviewees have all the necessary paperwork and training before we meet.”

Corina Forman
HR Director, APC Overnight

RESTART **SCHEME**

The Restart Scheme is part of the Government's Plan for Jobs, which supports jobseekers into sustainable employment.

We were selected by the Department for Work & Pensions to deliver the Restart Scheme across Bedfordshire, Buckinghamshire, Leicestershire, Lincolnshire, Northamptonshire, Staffordshire and Warwickshire.

We are passionate about investing in employers, participants and our local communities. Working with Jobs 22 means partnering with local people focused on contributing to and building local economies. Our Employer Services Consultants have unique local knowledge and labour market insight, making them ideally placed to help you find work-ready candidates for your business.

TRUSTED TO DELIVER

We work with over 600 employers to fulfil their recruitment needs across East Central England.

We approach recruitment differently, with no commission, ringfencing or fees.

"Since November 2021, Lincolnshire Co-op has been working with Restart to train unemployed local people for our work placement programme. The work experience takes place in our food stores across our trading area and at our head office in Lincoln, and is often the start of exciting new careers."
